August 18, 2021

We at Greenville Consolidated School are sending you this information as one way to fulfill our obligations under the "Parents' Right to Know" requirements of the federal Elementary Secondary Education Act. Under these requirements, teachers must meet general qualifications as well as the specific requirements of the subject they are teaching.

Maine has some of the most qualified teachers in the country and we are extremely proud of our teaching staff. We work hard to assure that every class has a teacher with the appropriate background, experience, and credentials for his or her current teaching assignments.

We believe that a caring, competent, and qualified teacher for every child is the most important ingredient in education reform, and we want to assure you that we consider all our teachers to be fully qualified for their positions. All of our teachers are currently entitled to teach under Maine's strict certification requirements. All of our teachers have college degrees, and many have advanced degrees. In addition, every teacher continues his or her own learning through professional development activities and our teachers are evaluated each year to make sure that their teaching skills remain at the highest possible level.

At the time of writing this letter I am proud to say that every teacher in our K-12 school is certified in the area in which they teach. Further, several are dual qualified and/or can teach at multiple grade level spans.

If you need additional information on qualifications, contact [Kelly MacFadyen](mailto:kelly.macfadyen@gsu.k12.me.us) at 207-695-3708. Working with parents is an important aspect of our efforts to help students learn and we welcome your interest.

Sincerely,

[Kelly MacFadyen](mailto:kelly.macfadyen@gsu.k12.me.us)
Superintendent
